# BENOAK DEVONS

There is no excuse for not getting to Benoak Devon's 14<sup>th</sup> Open Day/Sale. From wherever you are, you can travel as the crow flies as there are no rivers, creeks or even bogs that will change or halt your direction. DROUGHT!!! I'm going to leave it at that, so it gives me more room to write about the good stuff. I will say that our thoughts are with all our fellow breeders and as always, the season's will continue to change. The comforting thing is that we are going into drought with Devons, cattle that will give it their best and when the season does break we can enjoy breeding Devon cattle once more.

The sale bulls are coming along well and will present well on sale day. There is a mixture of old and new blood for your appraisal and I will be interested in your feedback. Our stud bases itself around a strong productive female herd and selection criteria is geared in that direction. I always try at one point or another to visit clients and see their cattle, whether it's whilst dropping sale bulls off or calling in and it's always pleasing to see feminine young heifers/cows from previous bulls and proud smiles on owners faces. Richard & Abby Westley Gum Flat Via Inverell produced another outstanding drop of weaners, in a drought year. I shouldn't be surprised, some of the best weaners of any breed I've seen have consistently come from the Westley's. The steer portion were sold at the Inverell weaner sales, 310kg empty and looked magnificent. Andrew Simmonds, Myola feedlot purchased them, I talked to him at the sale and he thought they were a credit to the breeder. These calves are by Benoak Fable J21 purchased 2015. Mitch Warden Biloela Qld sent this picture of a Benoak Story Teller G60 sired cow with a magnificent Benoak Daimon K1 weaner daughter. They don't come much better than that.

The beef market is in good times really and the market has held up surprisingly well considering. Obviously, the feedlot market has put a real floor in the yearling market and as I write \$3/kg +/- for feedlot steers seems to be the happy place. The steady market this has created has given a lot of faith in the game presently and into the future.

### BENOAK ANNE V7

- PALINGA YACHT
- BENOAK ANNE N10
- BENOAK ANNE

Notes: As most of you know our stud has had a huge influence from Barnstaple Marriot & his legacy lives on in Commodus F57. He's got Marriot on both sides & is what I consider the ideal bull for our country, in his seventh year at work with no faults to speak of, hits the scales at the end of joining over 900kg's & picks up quickly to go over the tonne easily. His Dam Anne V7 who goes back to Palinga Yacht has a knack of producing outstanding young bulls & this is her Third. Peter Potter, Tenterfield purchased Wellington A64 in 2007 & Richard & Phillip Westley purchased Sydney Champion Fortune D050 in 2010 & both produced great progeny.

### VIX PEARL E114 (AI)

- PALINGA POLLED MAC (P) (AI)
- VIX PEARL Z45 (P)
- PALINGA PEARL P84

Notes: Purchased at the 2015 Inland Devon sale. Although no longer in our herd he has produced some excellent young females for our stud, efficient medium framed hfrs with a good coat type. His sire line needs no introduction but I especially wanted to see how the New Zealand blood in Tapuwae 635(P) went in our herd. A bull with an excellent temperament & bred for marbling, typical of Vix Devon stud at coonabarabran. Pictured mid joining December 2017.

- VIX DANIEL C137
- VIX DAINTY Z52

**BENOAK PERIWINKLE H39**

- BARNSTAPLE CIRRUS 63
- BARNSTAPLE PERIWINKLE 38
- BARNSTAPLE PERIWINKLE 4

Notes: One of my favourites of this years draft. Polled & naturally heavy with great presence on a strong frame. The Periwinkle blood on the dam side will stand him in good stead for a genuine herd improving sire. This is H39's second standout sale bull, a big long correct cow with sound udder & teats.

2

**BENOAK  
MARCUS M18**

Born: 2/10/2016  
Ident: OAKM18  
Reg Status: NO  
Horned

- BARNSTAPLE KAISER

- BARNSTAPLE KISMET 93
- HILWAH JENNY 3RD

**BENOAK JENNY F6**

- BAN BAN DYNASTY 26
- BENOAK JENNY S1
- BENOAK JENNY L3

Notes: A robust young bull that will cover plenty of cows. This is Jenny F6's second sale bull from two male calves, a medium framed cow with correct udder & teats who has 3 handy daughters in the herd. All her calves show good silky coats which I feel is a sign of easy doing cattle. The Cleaver family – Kundibakh purchased a half brother at last years Open day.

2016 Sale Bulls

- VIX ZED Z103 (P)
- VIX DANIEL C137
- VIX DAINTY Z52

**BENOAK CAROL H63**

- TWIN VALES XALE X100
- BENOAK CAROL D33
- BENOAK CAROL Z9

Notes: The heaviest bull in the draft with great softness & natural depth. He's held this shape since weaning, great for producing cattle that tick all the boxes throughout the production chain. The Carol line are typical of this type with big dead weights as CFA cows.

4

**BENOAK  
MARCUS  
M45(P)**

Born: 10/09/2016

- VIX DAINTY Z52

**BENOAK HALO H65**

- BARNSTAPLE KISMET 93
- BENOAK HALO D9
- BENOAK HALO Z19

Notes: A "showy" young poll Commodus F57 son with great hair type & spring of rib, he won't look out of place in any herd. Halo H65 a productive young cow with natural length & depth that is proving to be an asset to our stud.

5

**BENOAK  
MAGISTRATE

- WALLATON LENNIE A11
- WALLATON NELL X01

**BENOAK AMELIA D27**

- BARNSTAPLE KISMET 22
- BENOAK AMELIA V8
- BENOAK AMELIA N8

Notes: Along with Magistrate M53 this young bull was used over 70 hfrs in spring. A very correct frame, rich hair type & earlier maturing young bull. Will never be the biggest in the bull paddock but very productive. The Amelia line are correct medium frame cows with good udder & teats with natural thickness.

- PARK HILL PERI P134
- PARK HILL PERI T67
- PARK HILL 33M

**Benoak OR861**

- 
- BENOAK PURE DEVON COW
- 

Notes: Used over 70 hrs with Magistrate M50 in spring joining. Also a good skin type with a good tempremant, keen to see how he grows out. His dam Or861 would be in our top ten cows & this is her second sale bull. Gary Grant – Wards River purchased an excellent half brother in 2016.

7

**BENOAK

- VIX DAINTY Z52

**BENOAK CLEMATIS H35**

- BARNSTAPLE CIRBUS 63
- BARNSTAPLE CLEMATIS 15
- BARNSTAPLE CLEMATIS 9

Notes: Marcus M55 was a proud young calf at branding & hasn't change since. He's a well put together young bull with a rich ruby coat. The Clematis line are big framed cows so he should grow into a fair lump of a bull.

8

**BENOAK

- PARK HILL BARS K23H
- PARK HILL JENNY A22

**BENOAK PR427**

- BARNSTAPLE HILTON 23
- BENOAK RD649
- 

Notes: A yearling bull that's had no special treatment. There's only one thing wrong with his dam line, there's not a thousand of them!!! Pr427 is already in our A.I programme & his granddam Rd649 is 12 year old & hasn't missed a calf yet.
